

Hi!

I am writing to apply for the Junior QA Engineer position at Trifft. I am a student that is currently studying Applied Informatics at Prague University of Business and Economics and I would love to contribute my technical skills and passion for technology to your team.

My education has provided me with a solid understanding of programming, through various school projects and courseworks both in high school and in university. I am eager to apply my knowledge in your environment and continue learn and grow alongside your team.

Thank you for considering my application. I am enthusiastic about the opportunity and I am available for an interview at your convenience.

Best regards,

Anh Tu Trinh
